Technical Committee Fiftieth Session

Web-Based TG Template

Romy Oertel, Office of the Union

Geneva, April 7 to 9, 2014

Initial Idea

- Create a web-based TG Template to facilitate work of UPOV Office and drafters of Test Guidelines
 - Less formatting work
 - No need for manual updating of linked chapters
 - Database of existing approved characteristics
 - Translation

Implementation Version one

- Currently first testing phase of functional prototype: UPOV Office, Nik Hulse
- Second testing phase: May/June 2014
 - All Leading Experts will be requested to participate
- First Subgroup drafts for TWA in 2014
- Exclusive use of TG Template required from 2015
- Training at TWPs in 2014, via e-workshops and online tutorial

3

Features Phase one

- Web-based
- LE drafts
- IE comments
- All versions saved and stored in the system
- Output in HTML and Word (PDF to be created from Word document)
- English only
- Translators' facility for Table of Characteristics

4

Cover Page

The screenshot shows the EPOV (International Union for the Protection of New Varieties of Plants) web application. The header includes the EPOV logo and navigation links: Home, Submit, Material, Examination, Assessments, Discrepancies, Literature, Technical Questions, Status, and Review. The main content area is titled 'Cover Page Information' and contains the following fields:

- Main Common Name:** A text input field.
- UPVY Code:** A text input field with the value 'P0AAA_PGA'.
- Botanical Name:** A text input field with the value 'Poa pratensis L.'.
- Place of origin:** A text input field.
- Number of growing cycles (1000):** A text input field.
- Explanation of the growing cycle(1000):** A text input field.
- Explanation of the growing cycle(1000):** A text input field.
- Additional information:** A text input field.

At the bottom of the form, there are three buttons: 'Save', 'Cancel', and 'Next'.

Version 2 (2015)

- Individual authorities' Test Guidelines
 - (a) adopted UPOV Test Guidelines as a basis for the development of their own test guidelines;
 - (b) the web-based TG Template and database of characteristics to develop their own test guidelines for which there are no UPOV Test Guidelines; and
 - (c) use their own test guidelines, developed using the web-based TG Template, as the basis for draft UPOV Test Guidelines.
- Concurrent translation
